Conference 49 from Phase A.

CONF. 49

DUALITY

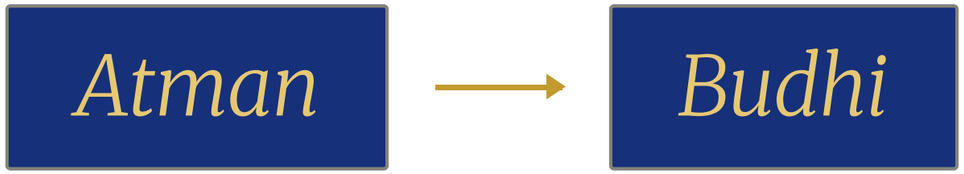

The objective of this conference is to show the very purpose of existence on the planet.

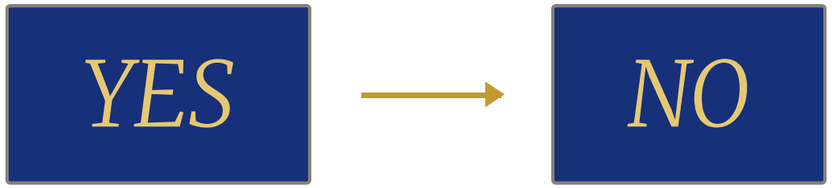

UNITY:

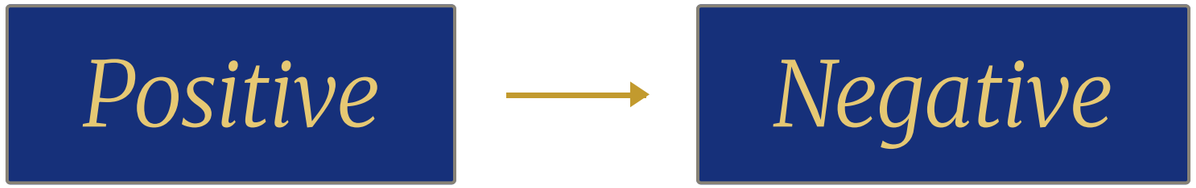

The Spark is spewed forth from the Absolute Sun as a unity and must return there as a unity. In order to be able to work, immediately upon springing forth from the Absolute, it has to unfold or divide into two. It is the Monad itself. That Monad is: DUALITY.

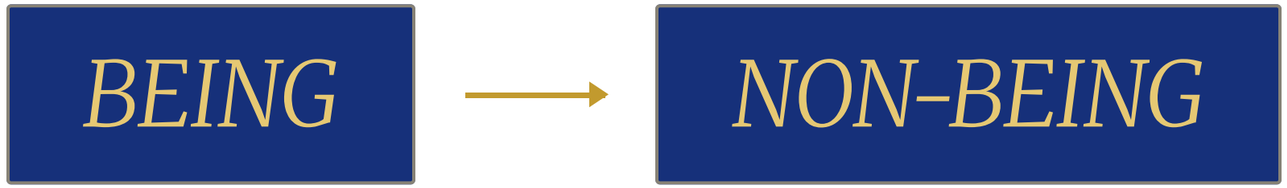

DUALITY:

The Holy Affirming unfolds into the Holy Denying:

YES
NO

Positive
Negative

BEING
NON-BEING

White unfolds into black, tall into short, fat into thin, joy and sadness, triumph and defeat. Everything, absolutely everything, remains with Duality. The one exists in function of the other.

The Holy Affirming unfolds into the Holy Denying in order to be able to create. The one needs the other; masculine needs feminine; the phallus needs the yoni, etc., etc.

The YES is the positive part, the affirmative part, the masculine part. We see the YES even in a simple vertical movement of the head. It is acceptance.

We also see the NO, in the horizontal movement, and it is negation. The YES and the NO form the Cross. The YES is the masculine part, the active; the NO is the feminine part, the passive.

THE TRINITY:

When the two forces are unfolded, the third appears:

It is the Holy Reconciling. Let us see it:

The Holy Affirming, the Father, unfolds into the Son or Holy Denying, and between the two the Holy Reconciling appears, the Creative Energy of the Holy Spirit, the Mother. The Father is YES, Wisdom. If we learn to manufacture Wisdom from the NO, we begin to Create.

Who is No?: The Psychological Trainer, Lucifer; He handles the Balance. If we defeat him, He will give us the Light or Wisdom and the Fire or Love. If we let ourselves be defeated by Him, we will become his slaves. He is Desire in all human beings. And being Desire, he is the I of each one of us.

In each one of our desires the Fire is hidden, and the Light, Wisdom, is hidden. If we want to triumph, we have to defeat the Devil.

The Father says: “No one comes to Me except through the Son”. The Son is Justice. Whoever wants Wisdom has to defeat Desire, because there is only Wisdom for the one who makes himself master of the Fire, for the one who has defeated the Devil.

If we want to defeat Lucifer, we must study the object of desire. When one studies the object of desire, one discovers that it seeks:

- TO BE or
- NOT TO BE

Let us now see:

- The Father is Wisdom and is Truth.
- The Son is Justice.
- The Holy Spirit is Power; it is what is Useful.

Therefore, we have to learn to live in vigil from moment to moment. For each thing that we are going to do we must ask ourselves:

- Is this True?
- Is it Just?
- Is it Useful?

If we use this technique, we will arrive at something very important; we are going to see that that is the secret for being able to govern the Quaternary

THE QUATERNARY:

The Quaternary is represented by a Perfect Square with four right angles, which invite us to reflect a little. Those four right angles are intimately related to the three functions of the Soul that exhaust our energies:

- Feeling.
- Thinking.
- Doing: Words – Deeds.

If we apply Rectitude in these functions, we will achieve: Right Feeling, Right Thinking, Right Speaking and Right Acting:

Right Feeling:

I observe a negative emotion in the emotional center and I tell myself:
This feeling is not of my Being;
it is of an ego, and it has to die.

Right Thinking:

I observe what I am thinking and I say: This thought is not of my Being; it is of an ego, and it must die.

Right Speaking: We never reflect that words are Creative Energy of the Holy Spirit and that all its power is enclosed in them.

I observe that an ego wants to speak
and I do not let it express itself.
I ask the Mother to eliminate it.

Right Acting: Is this that I am going to do useful? If it is not, I do not do it, and I am saving my energy. If the ego insists, I ask the Mother to eliminate it.

If we apply the Trinity to these four points, as a result the Saving of Energy, or Balance of the Centers, will appear, which will allow us to crystallize the QUINARY.

THE QUINARY:

The Quinary is symbolized by a Five-Pointed Star. That Five-Pointed Star is the True Man. We are not men; we feel ourselves to be men, but we are not.

To be Men we have to have created Five Bodies, which give us terrifying powers and which make us completely different from what we are. But those Five Bodies are created in the forge of the Cyclopes, in Sex, with the Creative Energy of the Holy Spirit. They are created upon our spinal column.

This work is called GENESIS, to create oneself. To be born of Water and of Fire. It is the FIRST MOUNTAIN, or Mountain of Birth.

The Five Bodies that must be created are:

- The Solar Physical Body.
- The Solar Vital Body.
- The Solar Astral Body.
- The Solar Mental Body.
- The Body of the Solar Will.

A man has to have Will; if he does not have it, he is not a Man.

Those women and men who come to have those Five Bodies are Men.

Men are not those who have a phallus, as everyone commonly believes, but everyone who has worked with his Mercury, with his energies, saving them in the Quaternary and investing them in the Creation of the Bodies. Thus he is transformed into a Man.

Hence the words of the Master Jesus. When the disciples asked Him what they were to do with the Magdalene, He said: “Leave her to me, for I will make her a man”.

There is the secret: both men and women can do the same Work, in the same existence; the only thing that is needed is to transmute the Sexual Creative Energy in order to create the Five Bodies.

To be able to become Men, one has to learn to SAVE Energy. That Energy is given by the Divine Mother every night, one hundred percent of the Energy. Every day when we get up, we have it. Then it depends on us whether we make good use or bad use of it.

Whoever learns to save will be able to create the Five Bodies of the Being in the practice of Sexual Transmutation, and he will become a Man.

That Man is: the Human Soul. Men and women who aspire to go to Paradise will have to have a Human Soul. They have to arrive with It; without a Human Soul no one enters there.

We all came out through the door of Sex, and we have to enter again through the same door, creating the Existential Bodies of the Being.

If we achieve those Five Bodies, we will have the right to Choose a Path. There are two paths: one path is going to take us directly to Unity.

And there is another path that distracts us and takes us out of the esoteric work; even though we are going to continue involved in esotericism, it takes us out of the esoteric work:

- One path is called: Path of Nirvana or of the Spiral.
- The other is called the Direct Path. It is the Path of the Christ.

There are only those two paths. If a person decides to follow the Path of the Christ, he starts to take the step called the SENARY.

THE SENARY:

After having raised the Fire to the larynx, one must raise it to the space between the eyebrows:

Therefore, whoever decided for the Direct Path will carry his Fire to the space between the eyebrows, and there a star will shine, which is: the Six-Pointed Star, formed by two crossed triangles. One is the Divine Soul that descends, and the other is the Human Soul that ascends.

PERFECT MATRIMONY

That step, for all those who have that six-pointed star on the forehead, is known as: celebrating the Perfect Matrimony. The Initiate possesses the Star of David, the Star of Bethlehem, the Six-Pointed Star that illuminates the Christmas tree, the one that gives him the right to take part in the Christmas of the Heart.

Only the bold Men who dared to take the Direct Path have the right to the Star of Compostela, that this Star develop in the space between their eyebrows, on their forehead, and that it be known that this person has carried out the SENARY.

The purpose is truly to arrive at God. And to truly arrive at God, one has to take the correct steps; one cannot stray from the path. When one has already arrived at these heights, all those who achieve this Perfect Matrimony have the right to the SEPTENARY.

THE SEPTENARY:

The Septenary is the Seven-Pointed Star. It is the Super-Man, the Christ.

The Christ is the Son of Man.
If we do not make ourselves
Men, there will be no Christ.

Undoubtedly, to arrive at the Christmas of the Heart is the most important event in the history of Man. It would be of no avail to one to have celebrated thousands of Christmases if one did not celebrate one's own Christmas a single time.

Then this event of celebrating the Christmas of the Heart, the Advent of the Christic Fire, is the Beginning of the APOCALYPSE in oneself.

This is indicating something very important in oneself: the beginning of the SECOND MOUNTAIN. The Mountain of Death

I.N.R.I.: Ignis Natura Renovatur Integram. Fire renews nature integrally.

The Christ is Love, the Fire that is to renew all our nature. That is why the advent of that Flame in our interior transforms us radically. The birth of the Christ gives rise to the process of the Apocalypse.

What does Apocalypse mean? It is the End by Fire; but which fire? Well, the Sacred Fire, which must be lit in our spinal column, the Kundalini, which in turn will make the Seven Churches that each one has along the spine shine.

That Fire will go on ascending Church by Church until it completes the Seven and carries out Death and Resurrection directly in us. Because only that Fire resurrects, only that Fire gives us life and leads us to the Second Birth.

With Death, death is killed for an Eternity. This means that when the death of the Cause–Egos takes place, or of the very Causes of Error, all our sparks are left free, and with this Death one arrives at the Resurrection.

THE OCTONARY:

It is symbolized by the meeting of Two Perfect Squares, the Eight-Pointed Star.

This Octonary or Eight-Pointed Star is showing us the third work, the work of the THIRD MOUNTAIN.

It is a work done by all those who have managed to become resurrected. It is the work of seeking a disciple and taking charge of leading him to the gates of the Second Mountain; it is the work of the Sacrifice for Humanity.

In the Septenary we achieve 99% of Consciousness. In the Octonary we are going to conquer the remaining 1% of Consciousness, so that we may have one hundred percent of Consciousness. The Bodies of Light will be created. And a disciple will be sought who will begin the Second Mountain.

That is the work, and it is a work dedicated to the Sacrifice for Humanity; it is called “the Third Mountain”.

For some it will be very easy to do, because they already have their disciple advanced, but others will have to begin to do it. That work can last even centuries, or millions of years. Here the Eagle will begin to swallow the Serpent.

Up to here we have the Octonary or Eight-Pointed Star. Now come the two final steps: the NOVENARY and the DENARY.

THE NOVENARY:

In the Novenary the forces of the Christ, of the Lucifer and of the Holy Spirit have to fuse into One Single Force: the Spirit.

In the Novenary comes that which is called Purgatory. When the forces are going to fuse, forming the “O” of God the Mother, integrated by the Holy Spirit, the Lucifer and the Christ. The Fire, the Three Principles of Love. They have to prepare and purify themselves.

But see what they say there: “The place where the unfortunate ones who arrived at those heights come to land”. And why are they called unfortunate?

Well, because of the so terrible anxiety that they have for the next step to take place. They are one tiny little step from entering the Absolute, from the TEN being completed.

In the Novenary the Father is still outside, and they are waiting for Him, so that the Light, the Wisdom of the Father, may penetrate them and they may be turned into a Perfect Multiple Unity.

In Purgatory the Mechanicity of the Round ends, or is killed; the mechanical part must end there.

If we arrive at this point, it is now only a matter of waiting, because the Father will penetrate, and this, which is the Absolute Man, will remain. A New Sun will have been created.

THE DENARY:

The Denary is complete when the two forces complement each other: the “I”, or Wisdom, and the “O”, or Love. Father–Mother.

When Wisdom penetrates into the Spirit, it becomes an Absolute Man. The Round ends; the Integration of the Being has been achieved. Another Perfect Multiple Unity. A new Being has Self-Realized in the Absolute.
